today!**

## About Penn East FCU

Penn East Federal Credit Union was chartered in 1938. Today, we serve more than 13,000 members throughout Northeastern Pennsylvania and have assets exceeding \$120 million. We are a full-service, not for profit, member-owned financial institution. We return excess earnings to all of our members in the form of better service, lower interest rates for loans, higher yields on savings accounts and by adding new financial products and services to suit the needs of our members. The credit union is governed by member-volunteers elected to the Board of Directors and managed by experienced financial professionals. As a community-chartered organization, we're proud to offer membership to all who live or work in Lackawanna, Luzerne or Wyoming Counties.
